The Class of 1966
SOUTH SIDE
HIGH SCHOOL
NEWARK, NEW JERSEY

Presents

THE
OPTIMIST

DR. LEO LITZY
Principal

What have you, graduates of the class of June, 1966, learned from the "South Side Story"? We know that many of you have gained valuable knowledge in subject areas and skills to help you build a future. But have you also learned the vital lesson of your responsibility to other human beings? If you leave South Side with the conviction that "no man is an island" and that we are all, in a sense, "our brother's keepers", then your days in high school have been profitable indeed.

MAURICE FRIEDMAN
Vice Principal

MR. MAURICE FRIEDMAN
Vice-Principal

Dear Graduates,

While you have developed the skills of learning in your education thus far, I hope you will remember that all skills deteriorate from disuse.

Therefore, I urge that whether or not you continue your formal schooling, you will continue to study and to read. The habits of study you have developed are the basis of success in the world of work. The love of reading will unlock for you the wisdom of the ages.

May each of you throughout life enjoy material success, stimulating experiences, and devoted love; and may you, in turn, contribute to the welfare of the people.
